Guidelines for Poster Presenters

General

Posters should be no larger than **portrait A0** (841mmx1189mm). All posters must be produced in English.

The poster message should be clear and understandable without oral explanation. Your poster should include the title, author's names and the organisation(s) where the work was completed. Text throughout the poster should be kept brief and descriptions of methods should be clear and concise.

Poster Presentation Times

All posters must displayed from Thursday 17 May 09:00am - Saturday 19 May 3:30pm located outside the Boulevard Room. All posters must be removed from display after poster session 3 on Saturday 19 May by 4:00pm. The ALA 2018 Organising Committee takes no responsibility for posters that are not collected by this time.

Poster sessions will be held during the morning tea breaks to allow delegates to ask questions of the poster presenters, who will be standing by their posters at specified times. The poster session times are as follows:

Thursday 17 May	1030 - 1115
Friday 18 May	1045 - 1130
Saturday 19 May	1030 - 1100

Posters can be affixed to the poster boards with velcro. If necessary, velcro can be obtained from the Conference registration desk.

Each poster has been allocated a unique identification number to indicate where it should be hung in the display area — please note, you are required to hang your poster in the allocated position. As you prepare your poster, please follow the above guidelines for creating a poster.
